Dear Parents and Supporters of AEF:

I am delighted to extend my warmest greetings to each of you, as the President of the Arcadia Educational Foundation (AEF). It is a privilege to lead an organization that is dedicated to enhancing education within the Arcadia Unified School District (AUSD).

Our recent Installation Luncheon on October 16, with the theme 'Arcadia Unites for a Brighter Future,' was a resounding success. The collaboration between esteemed guests, including Arcadia City Council members, Arcadia Board of Education, AUSD superintendent, school principals, PTSA representatives, school clubs, and our generous AEF supporters, exemplifies the unity and commitment to empowering the next generation. Together, we are making a significant impact on the educational experience for AUSD students.

As we reflect on our achievements, I want to express my gratitude. The successful school registration for the 2023-2024 academic year is truly appreciated. Your active participation in the Giving Tuesday Campaign and direct donations are contributing to our mission of providing equitable access to superior education.

I am pleased to share that the Downtown Arcadia Holiday Fair was a tremendous success, thanks to the kind parents and the community for stopping by and inquiring about AEF. Additionally, we have launched a new AEF website, designed for ease of navigation and providing more helpful content to streamline the information you need.

Looking ahead, we have exciting initiatives on the horizon. AEF will participate in the first-ever Lunar Festival in Downtown Arcadia, providing an opportunity to connect with parents and friends within the community. Furthermore, our Summer School Program team is planning and implementing enriching experiences for our students.

I want to express my heartfelt appreciation for the unwavering dedication of each member of the Arcadia Educational Foundation. Together, we can continue our mission to create positive transformations in lives through the lens of education. Your commitment and support are instrumental in ensuring a brighter future for the students of AUSD.
